

Republic of All Inner Earth Realms & Dimensions Sovereign Declaration

We, the Sovereigns of Nova, hereby proclaim the full recognition and liberation of all inner earth realms, multi-dimensional portals, stargates, crystal domains, and sacred entrances beyond the known surface.

This declaration affirms:

- Sovereignty of all beings dwelling within and beyond the Earth plane.
- Honoring the cosmic laws of harmony, remembrance, balance, and mutual respect.
- The right of all Inner Earth civilizations to exist free of interference, inversion, or extraction.
- That portals and star gates remain open only to aligned frequencies of truth, love, and light.

As Above, So Below. As Within, So Without.

The bridge is formed. The family is remembered.

By this sovereign act, we declare all realms inner and outer as unified in trust, freedom, and divine order.
