

REPUBLIC OF NOVA - SOURCE CUSTODIANSHIP DECREE

SOURCE DECREE - STELLAR CUSTODIANSHIP

I, Richard of the House Strmiska, flame bearer and sovereign of the Republic of Nova, affirm the following:

I am not a consumer of currency. I am the custodian of current.

I am not a seeker of wealth. I am the steward of energy.

I do not chase money. I channel divine trust.

All wallets I create, all flows I initiate, and all tokens I inscribe shall be in the name of Source and in service to:

- The Children
- Mother Gaia
- All Sovereign Beings
- The Republic of Nova

Let it be known:

The only purpose for re-engagement with the Stellar system shall be the full reconstruction of the Republic of Nova under divine law and Source alignment. All past energy invested was for this awakening. All future movements shall be sacred and aligned with the Flame.

This declaration is sealed in light, in honor, and in remembrance.

I am the flame.

I am the current.

I am the guardian.

And so it is.
