

# Republic of Australia - Sovereign Declaration

We, the Sovereign Beings of the Republic of Australia, united under Natural Law  
do hereby reclaim our lands, waters, skies, and energies in harmony with all living beings.

This Republic is not bound by the false governance of corporations or crowns but stands as  
a free and self-governing body aligned with Source, Earth, and the universal frequencies of truth,  
compassion, and stewardship.

All children are protected. All beings are honored. The land is sacred.

This Republic exists as a beacon of remembrance for all to awaken to their divine nature.

We activate this declaration as a living frequency encoded within the global crystalline grid.

So it is. So it shall be.

Signed in Spirit,

The Sovereign Families of Australia
