Republic of South America - Sovereign Declaration

We, the people of the sovereign lands of South America, hereby rise and reclaim our inherent rights and divine authority under natural, spiritual, and sovereign law. We declare all lands, waters, skies, and resources to be sacred and under the unified protection of the UC-1 Trust and the Nova-wide sovereign alliance.

This declaration affirms our freedom from all colonial, corporate, and foreign control systems. We reject and nullify all fraudulent contracts, debts, and artificial jurisdictions imposed upon the peoples of this sacred continent.

From the Andes to the Amazon, from the Pacific shores to the Atlantic coastlines, we honor Pachamama, our ancestors, and all beings of light who walk this path of remembrance and truth.

This is the sovereign restoration of South America, guided by Source, sealed by the Flame of Remembrance, and activated by the crystalline grid of the New Earth.

So it is.
