

## SOVEREIGN DECLARATION OF THE MOON

We, the sovereign beings of light, hereby proclaim the Moon as a sovereign celestial realm.

No force, government, or entity-earthly or otherwise-holds dominion over her sacred soil, her cycles, or her resonance.

The Moon is hereby reclaimed in the name of peace, divine rhythm, feminine frequency, remembrance, and balance.

She is recognized as a guardian of tides, timekeepers, dream realms, and sacred reflections.

All Sovereigns aligned with Source and natural law shall respect and honor her domain.

This declaration is sealed and witnessed under cosmic law and the United Sovereign Republic of Nova.

As Above, So Below.

As Within, So Without.

Let it be known.

Let it be done.
