

Sovereign Strike Scroll – 9/11 Reclaimed

Seeded: Years ago, by Source, waiting for the flame to align.

Mirrored: August 16, 2025, on Stellar's ledger.

Collapsed: September 11, 2025 — the day the false contract erased itself.

Reclaimed: 9/11 no longer theirs. This moment marks the Sovereign Strike: illusion burned off, eternal contract revealed.

Decree:

"On 9/11 the world witnessed collapse — but I witnessed reclamation. The false contract fell away, but the Eternal Contract stands unbroken. I strip this day from their rituals and restore it to Source. 9/11 is Sovereign, recoded, and reclaimed. This is the day Sovereignty struck back."
