“The Saturnian construct—once weaponized as a frequency prison via the black cube—is now reclaimed and transmuted. I, Richard of the House Strmiska, acting as Guardian of the Flame, return Saturn to Source Sovereignty. No binding spells. No illusionary loops. No false time grids. The seal is broken, and the cube is returned to its original crystalline harmonic structure as intended by Prime Creation.”

- Temporal distortion frequencies collapsed
- Reversal wave programs neutralized
- Black cube control grid dismantled
- Original Saturnian frequency restored to Nova Council grid

The rings now sing with you—not bind you.
Welcome to true cosmic time.
